Profile

Motivated and analytical data professional. Participated in Tech Talent Academy's Data Engineering programme learning Python fundamentals, including key data science libraries such as NumPy, Pandas and Altair. Gained knowledge and skills in relational database management (SQL), data visualisation/business intelligence packages such as PowerBi, Tableau and Solidatus. I am a keen, adaptable worker looking for entry level data engineer positions to apply this skillset.

Training and Education

Tech Talent Academy, Data Engineering Academy

Sep 2021 - Dec 2021

An intensive 14-weeks course, focused on fundamentals of data engineering delivered through interactive group learning and home learning tasks. During the course I learnt and built skills in data manipulation using NumPy and Pandas as well as data visualisation using Python libraries, Altair and other packages such as Power Bi, Tableau and Solidatus.

- Training and supporting new team members, setting store/personal targets and KPIs, providing trainings on CRM and POS systems;
- Inventory control: booking in/out stock, coordinating stock take, analysing stock movement and placing orders.

Feb 2013 – Feb 2015

Project Assistant – NGO FORWARD, Kyrgyzstan

- Writing project proposals to International Organizations, implementing projects, cooperating with local stakeholders to promote sustainable community development;
- Supporting management with administration and operations, volunteers' coordination;
- Assisting accountants with financial statements, reports and payroll.

Skills

Organisation and Planning

Excellent organisational and planning skills, developed ability to multitask and prioritise workload, gained time management and problem solving skills.

Critical Thinking

Carrying out detailed research on various subjects, collecting, monitoring and evaluation of information from different sources to make informed decisions.

Communication & Presentation

Researched, planned and presented detailed reports to senior Buying and Management teams. Whilst working in an NGO carried out a research on collaboration of government bodies and businesses and its impact on development of local infrastructure.

Leadership

As an Assistant Manager I led a team of 12 people, working together to improve customer service and achieve targets and KPIs. Organised various trainings and supported with learning and development.

Volunteering

Generations For Peace - Non for Profit Organisation

Apr 2013 - Feb 2015

I was a Pioneer Facilitator working on peacebuilding and conflict resolution activities across the country. Implemented projects in Kyrgyzstan promoting peace and tolerance.

Office of European Bank for Reconstruction and Development in Kyrgyzstan

Jan - Mar 2015

Translation of documents from Russian into English (mainly project proposals, reports and spreadsheets). Participated in conferences and round tables organized by EBRD for local entrepreneurs and government officials.

Interests and Hobbies

I enjoy learning new skills and spend my free time learning something new. I also like hiking and mountaineering.

Personal Achievements

Completed advanced training and was awarded a certificate on Peacebuilding and Conflict Resolution. Climbed peak Karakol with an altitude of 5,216m.
